

Mohammad Khurshed Alam

IT Administrator & System Administrator | Transitioning into Cybersecurity Engineering

itkhurshed@gmail.com | +965 6664 8706 | linkedin.com/in/itkhurshed | github.com/itkhurshed | Kuwait — open to remote & relocation (EU / International)

PROFESSIONAL SUMMARY

Experienced IT professional with over 15 years of expertise in IT support, network administration, server management, and technical troubleshooting across Windows, Linux, and cloud environments. Currently formalizing a transition into cybersecurity engineering with a structured 2026 certification roadmap (CCNA, CCNP, AZ-140, CompTIA CySA+). Seeking an IT Administrator, System Administrator, or Cybersecurity Engineer role where 15+ years of hands-on operational reliability can support efficient, secure IT operations.

CORE COMPETENCIES

Infrastructure	IT Infrastructure Management · Server Management · System Optimization
Networking	Network Administration · TCP/IP · DNS · DHCP · VPN · LAN/WAN
Platforms	Windows, Linux, macOS · Windows Server · Linux Server
Virtualization	VMware · Hyper-V
Cloud	AWS · Microsoft Azure · Google Cloud
Security	Firewalls · Antivirus · IDS/IPS · Security Protocols
Other	Technical Support · Project Management · Troubleshooting & Problem-Solving

CERTIFICATIONS (IN PROGRESS — 2026 TARGET)

- CCNA — Cisco (*studying*)
- CCNP Enterprise — Cisco (*studying*)
- AZ-140: Azure Virtual Desktop Specialty — Microsoft (*studying*)
- CompTIA CySA+ (*studying*)

PROFESSIONAL EXPERIENCE

IT Administrator & IT Help Desk Support

Al-Jawhara Tissue Paper & Derivatives Co., Kuwait Jun 2023 – Present

- Oversee IT operations, ensuring efficient and reliable IT infrastructure.
- Lead IT projects, including system upgrades and new technology implementations.
- Manage network and server infrastructure, ensuring optimal performance and security.
